Dear Parents and Caregivers,

This term, we welcome two exchange students, Quentin Swysen Year Eleven from Belgium (ten weeks) and Mira Obling Year Eleven from Denmark (twelve months). I am sure they will feel welcomed by the St John's community and their time here will be exciting and fruitful.

Challenges of schooling

This is our challenge as a school: to educate our students in how the world has evolved; how it might be made to evolve; and the parts they might play in influencing the future to the greater good. We want our students to revel in freedom and each celebrate what makes them different while permitting and encouraging others to do likewise. We want St John's students to nurture their individual talents and marry them with those of others to build something better; we want them to embrace, and participate.

Such a commitment to education has been evident throughout the long history of our school and underpinned by our Christian faith, continues to drive all we do.

The continuous and global nature of our connectivity creates ever greater opportunity to influence for the greater good. Like and unlike, minds can share interests and insight and collaborate to pose and solve problems. With the opportunities come challenges, primarily those connected to judgment. St John's students will need to be able to discern from the continual stream of information, and requests for connection, those worthy of pursuing, from those best left to others. In grasping the opportunities of connectedness, our students will need to remain mindful of the school values (Respect, Compassion, Justice and Excellence) which bind us together.

There is also threat, I suspect, that the ease with which saturation coverage can be achieved could give rise to greater uniformity, conformity and an anaesthetised spiral to mediocrity; be it by the erosion of independence through increased centralisation and direct control, or by what might be termed a “Bucket List” outlook in which all seek the same few life-defining endpoints rather than valuing individual journey as the real goal.

Thanks

A word of thanks to: Mrs Tiley who supervised our Year Ten students (plus those from the Roma State College) on a visit to the University of Southern Queensland, Mrs Nerva and crew for their work on the “Lord of the Flies” production, Mr McGuines and teachers who took our Physics students on the excursion to Brisbane, Mr Hurl and fellow coaches who took the basketball teams to Kingaroy, Miss Topic and co-workers for the commitment to make St John's formal a success and Ms Eeles for the organisation of the reading of “Alice in Wonderland” in the McGovern Centre. This is just the ‘tip of the iceberg’ in naming all those involved on a weekly basis improving the outcomes for students.
**Current NEWS!**

**Children’s Liturgy**

Children’s Liturgy is held during the 8.30am Sunday Masses on the third and fourth Sundays of the month during term times at All Saints Catholic Church, Corner of Feather & McDowall Streets in Roma. All children are very welcome, no equipment is required. Morning Tea will usually follow the Mass on the fourth Sunday of the month.

This month’s Children’s Liturgy will be held on August 16th and 23rd. We look forward to seeing our students at Mass.

Mrs Anne Moloney

**SAVE THE DATE!!**

On Friday 11th September from 6pm in the P&F Multi-Purpose Centre, we are holding a Father’s Day Footy Night, where sporting memorabilia will be auctioned. Please come along and enjoy a night of socialising; we will have the footy on the big screen and movies for those children who don’t want to watch the football... further details will follow.

**SAFETY AT SCHOOL**

A reminder to parents - Please do not pick up or drop off students in the teachers’ car park.

**POSITION VACANT**

Kimlins Camping World has a Junior Casual Position available. Please call into the store or contact Kylie on 46221327 if you are interested.

Kylie Sabine | Kimlins Camping World

**First Aid**

Parents please be aware there is a confirmed case of Hand, Foot and Mouth in the school. Please be on the lookout for any signs of a rash on the hands or feet causing itchiness as well as sores in the mouth. Due to this being highly contagious please notify the school of any symptoms and keep your child/children at home.
The Lord of the Flies
Get Your Tickets Now
Thursday August 6 and Friday August 8
Tickets are now on sale for St John’s School Production “The Lord of the Flies”. This is an exciting, dramatic play and the students have worked extremely hard to present it. Please support the small cast of students by coming along to watch their performance.

“The Lord of the Flies” is a novel many adults in Roma would have studied themselves when they were at school. The book is still being studied by Year Ten students across Queensland. We urge parents and friends to book tickets and attend the show!

This is a very different style of show for St John’s. It has adult themes, dealing with civilization, power struggles and violence. Many TV shows and movies still explore these same themes, making “The Lord of the Flies” an interesting and relevant presentation.

The term is off to a flying start in Digital Technology. During our lessons this term, we are designing our own Weebly. Mr Winnett has been supporting us in this and giving us clever ideas on how to design an awesome web page all about us. We have been including our hobbies and interests on our web page, which are to be shared with other classmates.

This term, we are also undertaking in-depth research involving unsolved mysteries such as the Loch Ness Monster, Big Foot, Bermuda Triangle and Stonehenge. We have been researching evidence of these mysterious places and things and using persuasive technique to persuade others of their existence.

Our Mathematics assessment also requires us to learn about Excel and spreadsheeting. We will be generating graphs using this tool. Last term, we had a blast using MovieMaker when producing our BTN Segment. We have all learnt valuable skills with Mr Winnett and thank him very much for his support.

Geraldine Roberts
Year Six Teacher

Digital Technology
Year Six

Year Four Maths

We have been looking at money and simple budgets in the first three weeks of Maths and are currently working on our major Maths assessment! Fat Cat wrote to us to ask for help to eat healthier. However, he only has a budget of $100. We have had to create a healthy meal plan, make a shopping list and use the Woolworths website and Excel to get the costs of items. We will be looking at different measurements in temperature, mass and capacity over the next few weeks.

Danielle King
Year Four Teacher
In order to achieve this student-centred growth, St John’s School has also reviewed its structures to promote excellence through committing to high quality teaching and learning and continual review of itself. Numerous staff have ventured beyond the gates of St John’s in order to identify new initiatives and skills that encourage inventiveness, not unthinking conformity. The school has made the updating of its structure and skills a top priority to fit the evolving and contemporary needs of the students. Moreover, it provides an invigorating force and enhances enthusiasm and initiative as opposed to tedious or restrictive routines. It is hoped that both teacher and student become excellent by being open to new perspectives, new questions and even new answers to old questions that are open to inquiry, dialogue and wonder.

In summary, ‘An excellent educational institution is one that is dynamic, maintains quality programs, provides services beyond what is basically required, and equips its members with the virtues, knowledge and skills necessary to live productive, professional and civic lives anywhere in the world. Because the institution’s excellence is anchored on Gospel values, this excellence makes learning a sign of faith’

John Baptist De La Salle

Clinton McGoldrick
Assistant Principal: Faith and Mission
Focus on Science

This term in Science, Year One is learning all about sound. We are investigating how sound is produced, how sound travels, how sound is used and the characteristics of sound. Students are learning about the role of sound in our lives and our community through hands-on activities. We are investigating factors that affect how different sounds are produced.

Sarah Smith
Year One Teacher

Year Nine Geography

During Term Three, the Year Nine students are studying Geography. Our unit this term is World Biomes and Food Security. A biome is a major type of community of distinctive plants and animals living together in a particular climate and physical environment. We have already investigated Rainforests, Boreal and Deciduous Forests and will soon be investigating Tundra and Deserts.

Students are investigating where people live in each of the Biomes, types of agriculture and industry as well as looking at the Flora and Fauna. After viewing all of the World's biome, students will be asked to investigate one of the biomes in depth and present their findings in the form of a website.

Steve Swires
Geography Teacher
SET planning with Year Tens in Week Three

Last week, Year Ten students started the SET planning process. ‘SET Plan’ stands for their Senior Education and Training Plan and looks at future opportunities for students as they enter senior school and beyond. The week consisted of a number of activities relating to students’ personalities, strengths and weaknesses, goals and desired careers. For most students, it was a good opportunity to start asking questions and thinking about different career pathways. The students did a good job throughout the week and are encouraged to keep researching and talking to teachers, parents, and local businesses before the Careers Expo in Week Five.

Other key dates for SET planning

Week 5
- Wednesday 12th Careers Expo. Note was sent home for Year 10 - 12
- Thursday 13th Parent Information Night- 6pm. Senior subjects will have a subject display in the library from 5pm.

Week 6
- Thursday 20th August Year 11 2016 Subject Selection forms due
- Friday 21st August Recap on SET planning week, Set goals, Write SET Plan

Week 10
- Wednesday 16th September SET Plan interview to discuss future options and subjects chosen for 2016. Parents are invited to attend the interview with their child. More information to come regarding this.

Miss Katie Nelson
Dean of Academics
The St John’s U18 boys’ and girls’ basketball teams set off bright and early last Saturday morning in a tournament in Kingaroy (for a series of games). Both teams really enjoyed the games and learned a lot from the experience.

The Boys
The U18 boys started their day playing against Kingaroy, who won their first game by a large margin. St John’s came out and surprised Kingaroy by keeping the game within four points throughout the first half. The match stayed close in the second half. In the final minutes of the game, St John’s tried a full court press to make up a six point deficit but were not able on a few Kingaroy turnovers. Unfortunately, Kingaroy held onto their lead and won the game.

In their second game the St John’s boys played the Maranoa Heat who borrowed Kingaroy’s star centre for the game. It was another close match that saw St John’s leading by eight points in the second quarter. Towards the end of the second half, St John’s had a few defensive lapses that resulted in layups for Maranoa and at the end of half Maranoa was up by two points. Early in the second half, Maranoa increased their lead. However, in the fourth quarter the St John’s full court press resulted in several Maranoa turnovers and their lead was cut to three points with twenty seconds left in the game. St John’s had the ball but got called for a five second violation. Maranoa ended up winning by four points. Overall, St John’s fought hard and showed a lot of promise for their tournament in Brisbane at the end of the Term Three.

The Girls
The St John’s U18 girls basketball team played three games last Saturday all against Kingaroy. Although the score board did not show a win, the girls did a fantastic job. Their positive attitude and willingness to persevere through each game was outstanding. Kingaroy coaches and referees were enlightened by the girls energy, encouragement and optimistic outlook on each game.

Over the course of the three games, the girls developed their defensive game therefore limiting the score each quarter. All of the girls showed a massive improvement over the course of the three game, with Courtney Hassall being the leading scorer.

The Girls - Student Perspective
We had a long four hour trip to reach Kingaroy, but the trip was very enjoyable thanks to Miss Casey and Miss Barrett making the ride entertaining and extremely amusing. When we arrived in Kingaroy, everyone was keen to play the first game. Our first game was one of our hardest; although we played hard, it was just not hard enough. Being rolled by over 40 points in the first game, we were determined to get some points for the next game. Between games, Ainsley Lambourne and Amy Smith learned the ropes of scoring for the under 16’s game; although it was a tiny bit scary at the start, they soon got the hang of it, now making themselves top scorers.

After we warmed up for our second game of the day we were excited to play harder than we ever had before. In the first quarter, Kingaroy had twenty points on us, by the second quarter we had got our edge back. As we cheered on the rest of the team and worked together, we worked really well in defense and only let them gain four points on us. After that second quarter we kept that team work and excitement through the rest of the game. After both games, we were all extremely exhausted for the last game. We started the game with the Kingaroy team playing man on man defense which knocked us around a bit. But then something cheered us up, when Courtney took a three point shot and made it we were back in the game. We still lost that game but ended on a high. After playing three games we still had a four hour drive back to Roma, but the whole team thoroughly enjoyed the tournament and it has prepared us for the Brisbane tournament coming up at the end of this term. We would like to thank Miss Barrett, Miss Casey and Mr Hurl for putting in the effort, the 8+ hours of travelling and also for giving up their Saturday. A huge thanks goes to the Kingaroy basketball association for the opportunity.

Patricia Barrett
USQ CAMP

Last week, six St John’s students travelled to Toowoomba to participate in a Beyond Year 10 Camp held at the University of Southern Queensland from Wednesday, 29th to Friday, 31st July. During their visit, students experienced on-campus college life while staying in university accommodation and explored a range of career options, raising their awareness of future possibilities. They attended USQ’s Careers Day along with approximately 1000 other students from schools across the Darling Downs and South-West regions and visited industry sites relevant to law, engineering, health, business, arts and media. It was a very worthwhile experience for all students and gave them a better understanding of many post-school options and pathways.

Susan Tiley

Certificate II in Business

The Certificate II in Business cohort has recently been looking at improving the sustainability of the Breakfast Club. Business sustainability involves looking at the economic, social and environmental factors of a business and making positive decisions that will benefit such areas. With this in mind, the idea of using porcelain mugs instead of environmentally unfriendly plastic and styrofoam cups is a more economical choice. Taking this into account the Certificate II in Business Class would like to seek donations of mugs from anyone who may be willing. In saying that, do you have an extra mug sitting around at home that is not being used? These mugs will assist us in providing fellow peers with breakfast at the “Pay for a Pal” Breakfast Club. Anyone is welcome to donate. Please take your spare mugs to the front office and put them in the box provided.

Sarah Cicero

Year Seven Teacher
Breakfast Club

Every Tuesday morning at 7.45 am you will find both students and teachers sitting around a large table sharing a healthy and nutritious breakfast. Breakfast Club is for all students at St John’s and is located at the Tuckshop. The theme is ‘Pay for a Pal’. By joining in Tuesday morning breakfast and giving a donation, you can keep our Breakfast Club going. The program is aimed at providing a nutritious breakfast for students in need. Breakfast can help students focus during the day and give them the energy they need to participate in school activities throughout the day. We have a variety of menu items that follow the Smart Choices guidelines such as pancakes, fruit smoothies, eggs on toast and fruit cups. Interested in ordering? Menus can be found on the school website or at the front office. Once you have filled in your order form, drop it off in the blue box at the office; all orders are to be in the day before. The Certificate II in Business class has been working closely with the Breakfast Club to complete their competencies and provide secretarial services to the program. These senior students have created posters, menus and newsletter articles using their word processing skills. Currently they are studying sustainability and team work, through the breakfast program they will be developing and implementing ideas as a group to make the program more sustainable. Upon successful completion and implementation of these ideas they will be closer to completing their final certificate. The Breakfast Club has had a lot of support over the last two terms and is appreciative of the St John’s Parent & Friends committee, the St John’s Confraternity Rugby Shield team and the senior Geography class for their donations to the program. The Breakfast Club would also like to thank the students, teachers, Tuckshop and Mr Lynch for supporting the program, without your assistance the program would not be able to run. Looking for a way to get involved? Keep your eye on the newsletter for ways you can help as the Cert II class will be implementing their sustainable ideas over the next few weeks.

Patricia Barrett
Business Teacher
READING OF THE BOOK ALICE IN WONDERLAND

As a lead up to Book Week this term, the Resource Centre has been hosting a reading of Lewis Carroll’s ‘Alice in Wonderland’ during the lunch break each day to celebrate the 150th anniversary of this book’s publication. Thank you to our special guests: Roma Mayor Robert Loughnan; our school Adopt-a-Cop Rochelle Gillett; Father Jamie and the many teachers and teacher aides who have given up their time to model the importance of reading to our students. In 1865, when ‘Alice in Wonderland’ was first published, it was the first book in the much-loved genre of fantasy and to commemorate this, the theme of ‘fantasy’ will dominate our Resource Centre displays during Book Week.

Jenny Eeles
Teacher Librarian
I am the new exchange student. My name is Mira and I come all the way from Denmark. Just to give you a little hint, it is in Europe and a neighbor to Germany. I have not been here so long yet, but I must say that Australia is a wonderful country, with a magnificent nature and very friendly people. One of the things that surprised me the most was the “slang” in Australia. Therefore, when I am listing to some of you, the words can get really messed up in my mind, with all the nicknames you have for nearly everything. However, I am sure I will learn it, with time. The school here is a bit different from what I am used to. In Denmark, for example, we do not do any sport, except for PE, in school. However, I think that is a great thing to do in school, and I will hopefully be joining some of it soon. As I said before, I have not been here for very long, but I am very surprised by all the friendly persons here at St John’s. I would like to thank every single one of you, who have been so kind to me, showed me around, and helped me through the classes. I cannot wait to meet the rest of you. I am sure that we will have a great time together. I do not really know what else to say, but if you have any type of questions, do not hesitate to ask.

-Mira

Hi, my name is Quentin Swysen. Currently, I am an exchange student at St John’s. I will be here for the next two months. I come from Belgium (a small country in Europe).

In my opinion, the main reasons to become an exchange student are of course to learn English and to make friends, but also to discover a new culture, to develop my capacities of adaptation, tolerance and integration and to take a new challenge/experience.

I have chosen Australia because it’s a huge country with incredible landscapes and Australians are known for their friendly behaviour.

I like doing sports. In Belgium, I used to play tennis and soccer with my friends. Sport is really a passion for me. Unfortunately, in Belgium, schools require a lot of study and work after school, so I haven’t time to play sport a lot.

I also have done scouting for nine years. Scouting is an educational movement where some important values are given to us such as responsibility, sharing, friendship, ... We learn these values through activities like sports, camping, and jobs, ... I do scouting every Sundays with some of my friends and I really enjoy it.

After spending three weeks in Australia, I note some big differences between Australia and Belgium. Indeed, in Australia, everyone is friends with everyone and I like going to school. In Belgium, it’s not the case. Moreover, the climate is very different; in Belgium, cold means 5°C and not 15°C. We also drive on the right in Belgium.

WRITERS $1000 cash & your choice of...

The Competition
Entry is NOW OPEN in the 2015 Schools Writing Competition! Students all over Australia are invited to enter their Poems or Short stories, and battle it out for the great cash prizes on offer. This year - there is no theme! Entrants are encouraged to let their imaginations run wild and get their creative juices flowing to write on ANY TOPIC and in ANY STYLE. Students from ALL GRADES are welcome to enter - Kindergarten to Grade 12.

Enter online at www.write4fun.net OR email to enter@write4fun.net OR fax to (07) 5574 3644 OR post with entry form details to Write4Fun P.O. Box 2734, Nerang DC, QLD 4211: Entry is FREE and all entries must be in by Sunday, 30th August 2015.

The Book
Poems and short stories entered into the competition will be considered for inclusion into our 2015 Write4Fun anthology!

Those selected will have the opportunity to purchase the edition at a discounted rate. 1st, 2nd and 3rd prizewinners will receive a complimentary copy of the book. "We are very excited to be sponsoring this competition," stated Julia Woods, Managing Editor for Write4Fun. "Reading and writing seem to be taking a back seat these days to computer games and evolving technology! Our hope is that competitions such as these inspire the students to be creative with words once more and have fun doing it!"

The Prize

The Rules
- Only one entry per student - either a Poem OR Short Story
- Entries to be typed or neatly handwritten
- Poems must not exceed 18 lines and Short Stories must not exceed 500 words
- Entries must be in by Sunday 30th August 2015
- Entries must be the original work of the author
- Co-written entries will be disqualified
- Entry form details must accompany each entry.
